PROTESTED MARCH 5, 1928, BY CARRIE S. O'NEILL % JUDGE E. J. L. TABER

APPROVAL of State Engineer

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This Permit to change the point of diversion and manner of use of the waters of Piermont Creek as heretofore granted under permit No. 7333 is issued with the understanding that no prior rights will be affected by the change proposed herein. It is understood that the 3 cubic feet per second herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use and not to exceed three cubic feet per second.

Actual construction work shall begin on or before April 1, 1930

Proof of commencement of work shall be filed before May 1, 1930

Work must be prosecuted with reasonable diligence and be completed on or before April 1, 1932

Proof of completion of work shall be filed before May 1, 1932

Application of water to beneficial use shall be made on or before

April 1, 1934. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 1, 1934
